EIC-D-590
18 June 1965

ECONOMIC INTELLIGENCE COMMITTEE

MEMORANDUM FOR: EIC Representatives of USIB Agencies;
the Departments of Agriculture, Commerce,
and the Interior; and the Agency for International
Development

SUBJECT: Survey of Professional Personnel Directly Engaged
in Economic Intelligence Research and Support
Relating to the National Security (EIC-S-38)

1. The desirability of making the subject survey was discussed at the last meeting of the Economic Intelligence Committee, as noted in the minutes of that meeting, EIC-M-107, 10 February 1965. The purpose of the survey is to bring up to date information contained in the survey of professional personnel made by the EIC and published as EIC-S-30 on 1 September 1958.
2. The proposed terms of reference as reflected in the draft reporting forms are briefer, relative to those of the 1958 survey, and attempt to provide more meaningful results in terms of the current requirements for economic intelligence research related to the national security.
3. Attached are draft copies of the proposed Tables I A, I B, II A, and II B, with an instruction sheet for their use. Also to be included in the report will be Tables III A and III B which will be identical in format to Tables II A and II B but will be for the purpose of tabulating professional personnel engaged in research conducted under external contract.
4. There will be a meeting of the Economic Intelligence Committee on 30 June 1965 at 1400 hours, in Room 4 F 31, CIA Headquarters Building to consider the attached tables and the survey in general.

Executive Secretary
